Cousin Edith

Dont be alarmed dont get nervious and all worked up now because I am writing you this short and sour little letter but it is a fact I am doing it. If you dont believe me write me and find out

And it aint because I have nothing to do but just because I am doing it. We are all alive including Peek also Well that good News I am sure at least it is to me. We received your papers thank you that must be a Glorious Country out there almost makes me Homesick or some other kind of sick but then there aint room out there for Everybody and as I am Somebody I am that

part of the Body that Can't go
Well I had better tell you what I
want to say before I forget it or
you wont know why I wrote this
at all and that would be a serious
mistake. Mrs J P Moore and
Mrs J F Grimes left here on last
Friday for Los Angelas I gave
Mr Moore your address today
and he forwarded it to Mrs Moore
They only intend staying about 3 weeks
I would like very much for you
to meet them if pasible.
We have just got through Cleaning
house and of course are not tired
I am going to cut this short as
I believe in Homeopathics does
larger one the next time.
Thanks read your Valentine and
Easter Card he often asks about
you. Jeff and the balance of the
Big Boys on this street are well
Trust you are in good health and
your Sister much improved. Laura
